

Company Profile

Nova Networks is one of Canada's largest resellers of data storage systems and network products.

Our History

Established in 1993, Nova Networks Inc. has grown to become one of the most respected information technology firms in Canada. We are dedicated to providing world-class, custom network solutions at competitive prices.

Our Products and Services

Nova Networks is composed of five departments:

- Connectivity Solutions
- Data Storage Solutions
- Computer Systems and Peripherals
- Technical Services
- Wireless Solutions

As designated by our solution partners, our staff is industry certified and hold several designations. Nova Networks can provide technical consultation and reliable service on everything we sell.

Our Advantage

Nova Networks is independent of any hardware manufacturer or software publisher, and as such is well positioned to supply you with complete Information Technology Solutions, regardless of the platform or operating system product choices you make. Furthermore, you can rely on our extensive systems integration expertise, software development, network installation and in-house T-1 Internet/Web divisions to create effective solutions that translate into true competitive advantages for your business.

Our Philosophy

At the heart of our "One-Stop-Shop" business philosophy is a time honoured principle: **Customer First**. This principle ensures that we first understand customers' needs, then present solutions of exceptional value and uncompromising quality in a timely and respectful manner.

Our Locations

Nova Networks has offices to serve you in:

- Ottawa, Ontario – Head Office
- Calgary, Alberta – Regional Office
- Montreal, Quebec – Regional Office
- Halifax, Nova Scotia – Regional Office
